Productive Opportunities for Work & Recreation

■ POW&R mission

To create networks that connect individuals to resources that support their choices for how they live, work, and play in the community

■ POW&R community partners

As a POW&R community partner, you can be assured of several important considerations:

- POW&R offers consultation and training for employees with autism spectrum disorders (ASDs).
- POW&R matches your needs with the employee's skills.
- POW&R teaches our participants to do the job the way you want it done.
- POW&R assists with your total operational efficiency.
- POW&R provides ongoing supports for quality assurance.
- POW&R expects customer satisfaction.
- POW&R saves on recruitment costs.
- POW&R can diversify your work force.

■ POW&R job matches

POW&R participants do these jobs well:

- clerical
- electronic medical filing
- document management & destruction
- mailroom operations
- editing & proofreading
- research
- computer repair & design
- assembly & packaging
- food services
- groundskeeping
- laundry
- facility services
- inventory & stock

PRODUCTIVE OPPORTUNITIES
FOR WORK AND RECREATION

A nationally recognized Effective Program (one of three) in 2010, POW&R was established in 2007 by Autism Delaware. Today, the program serves adults living with autism spectrum disorders (ASDs) across the state.

POW&R works for employers

My name is Dr. T. Shane Palmer, and I have been in practice in New Castle for 20 years. For the last three years, I have had the pleasure of employing a unique woman with autism, Melissa Chong. She has the will and determination to complete her daily tasks every day.

Melissa has positive support from POW&R, which made the transition to our

office smooth and easy. The employees at POW&R are very knowledgeable at helping students adjust to the atmosphere of our office. Everyone in our office, including our patients, enjoys working with Melissa. This young woman will remain an employee in our office as long as she chooses to be employed.
